

# MD HABIBUR RAHMAN

Cybersecurity Graduate — GRC | Risk | Compliance | SOC | Customer Success

London, UK · +44 7983 751732 · eng.habibur.cse@gmail.com · linkedin.com/in/mdrahmann · Full UK Work Rights · Available Immediately

## PROFESSIONAL SUMMARY

Master of Cybersecurity graduate (Monash University) with strong academic foundation in **governance, risk & compliance (GRC), ISO 27001, NIST CSF, GDPR**, audit & assurance, SOC/SIEM fundamentals and human-factor security. Combines 5+ years of software engineering and 13+ years of teaching/mentoring with excellent stakeholder communication, documentation and analytical skills. Seeking an **entry-level GRC, compliance, risk, SOC or technical customer success role** in London where academic knowledge, transferable skills and hands-on project experience can deliver immediate value.

## KEY SKILLS

- GRC · Governance · Risk Management · Compliance · Audit & Assurance
- ISO 27001 · NIST CSF · GDPR · Controls Assessment · Policy Writing
- SOC Fundamentals · SIEM Concepts · Incident Response Basics · Threat Awareness
- Human-Factor Security · Security Awareness · Scam & Fraud Prevention
- Technical Customer Success · Technical Account Management · Stakeholder Communication
- Documentation · Risk Registers · Policy Repositories · Reporting

## EDUCATION

- **Master of Cybersecurity** — Monash University, Australia (2022–2024)
- **BSc Computer Science & Engineering** — Stamford University Bangladesh (2011–2017)

## RELEVANT ACADEMIC KNOWLEDGE

- Information security governance frameworks: **ISO/IEC 27001, NIST CSF, CIS Controls**
- Data protection & privacy: **UK GDPR, Data Protection Act 2018**
- Risk management lifecycle: identification, assessment, treatment, monitoring
- Audit & assurance principles, controls testing & evidence collection
- Human-factor cybersecurity, security awareness & behavioural risk
- Incident response basics, SOC operations & SIEM fundamentals (log analysis, alert triage)
- Scam, phishing & fraud prevention; social-engineering defences
- Cryptography, network security, digital forensics, secure SDLC

## CERTIFICATIONS (IN PROGRESS)

- CompTIA Security+ · ISO/IEC 27001 Lead Implementer · ITIL 4 Foundation
- Completed: Cyber Security Management Simulation — ANZ / Forage (2025); Deloitte Cyber Simulation (2025)

## KEY ACADEMIC PROJECTS

- **Security Policy & Risk Assessment (ISO 27001 aligned)** — Authored information security policies, conducted risk assessment, produced risk register and treatment plan.
- **Audit & Controls Coursework** — Performed controls assessment against NIST CSF; documented findings and remediation recommendations.
- **Agile Secure SDLC Project (UN SDG)** — Delivered a full-stack application in a Scrum team; performed OWASP-based security testing (ZAP, Burp Suite, Nmap) and produced security review report.
- **Cryptography & Network Security** — Implemented encryption/hashing schemes, simulated attacks, documented mitigations.
- **Database Security & Digital Forensics** — Threat analysis, evidence handling and incident documentation.

## TECHNICAL SKILLS

- GRC tooling concepts · Risk registers · Policy repositories · Control libraries
- SIEM basics · Log review · OWASP ZAP · Burp Suite · Nmap · Wireshark
- Cloud fundamentals (AWS, Oracle Cloud) · Networking (TCP/IP, VLANs)
- Documentation & collaboration: MS Office, Confluence-style docs, Jira/Trello, Git

## ACHIEVEMENTS & EXPERIENCE

- **13+ years tutoring & mentoring** — delivered ICT, programming and security awareness sessions to students and adults; strong communication and training skills directly transferable to customer success and awareness roles.
- **Customer Technical Advisor** (Futu Securities, 2024) — supported users on a regulated financial platform; explained security features, guided onboarding, handled escalations.
- Delivered security-awareness presentations on phishing, scams and safe online behaviour.
- Completed multiple industry job simulations (ANZ, Deloitte) covering incident response, risk and compliance workflows.

## SOFT SKILLS

- Communication · Tutoring & Training · Leadership · Analytical Thinking · Problem Solving · Time Management · Cross-Cultural Collaboration

## INTERESTS & LANGUAGES

---

- **Interests:** Governance, Risk & Compliance · Audit · Human Factors · Policy · Cybercrime & Fraud Prevention · Customer Success
- **Languages:** English (Fluent) · Bengali (Native) · Hindi · Urdu
